## PROJECT EXPERIENCE

- **Budgetly - Personal Finance Web App (Group) - (Oct 2025–Present)**
  - Developed budgeting features to track spending, saving, and category breakdowns.
  - Designed a gamified leaderboard to boost engagement and financial discipline.
  - Strengthened project leadership and collaboration skills; applied problem-solving in a team setting.
- **Employee Training Management System (Individual) - (Apr–Sep 2025)**
  - Built a Python system to store, validate, and organise training records efficiently.
  - Applied data structures to improve sorting and retrieval, reducing manual tracking.
  - Delivered end-to-end digital solutions independently, enhancing automation and data analysis skills.
- **Analysis of Financial Independence Barriers for Youths (Group; led CPF & team leader) (Apr–Sep 2025)**
  - Analysed CPF contributions' impact on young adults' savings and financial independence.
  - Cleaned and visualised CPF data in Tableau dashboards showing trends and risks.
  - Produced evidence-based findings supporting team recommendations and policy discussions.
  - Applied leadership, problem-solving, and data analysis to coordinate team efforts and deliver actionable insights.

## MENTORSHIP AND INDUSTRY PROGRAMS

- **Ant International x Halogen x GIT Mentoring Programme - (Jan - May 2025)**
  - Selected for a competitive mentorship programme (10 spots per polytechnic).
  - Engaged in one-on-one mentoring with industry professionals, including international experts.
  - Participated in masterclasses, workshops, and fireside chats on technology careers and industry trends.
  - Gained career guidance, industry insights, and professional networking exposure in tech and fintech.

## LEADERSHIP

### NYP Ladies in Tech

- **Head of Publicity (Mar 2026 – Present)**
  - Lead the publicity strategy for club initiatives, events, and workshops across digital platforms.
  - Oversee branding consistency and content quality for marketing materials.
  - Coordinate with committee members and lecturers to plan outreach timelines and promotional campaigns.
  - Mentor publicity members and delegate design and communication tasks.
- **Publicity Member (2024–Present)**
  - Designed event materials and managed outreach efforts, raising workshop participation by ~25%.
  - Supported technical workshops and hackathons through logistics and communication coordination.
  - Demonstrated leadership and organisational skills by coordinating events and facilitating communication between peers and lecturers.

### NYP Cloud Computing

- **Head Of Publicity (2026 – Present)**
  - Manage publicity planning and execution for recruitment drives and club events.
  - Guide visual direction and messaging to align with club branding and objectives.
  - Work closely with the executive committee to support membership growth initiatives.
- **Publicity Member (2025–Present)**
  - Independently designed recruitment publicity materials for upcoming club initiatives.
  - Collaborated with the team to ensure alignment with branding and communication goals.
